\*News review not for complete beginner.

#### News review

News from the Spanish speaking world. A 30 minutes session every morning in which selected students present to the rest of the group an analysis of the previous day's news for a brief group discussion. This serves as a warm-up exercise and is held at the very beginning of every day (not for complete beginners).

#### Group course

20 Lessons take place in small groups of a maximum of 4 students per teacher in 6 levels of the Common European Framework of Reference for Languages from A1 to C2. The low number of students provides a high level of individual attention within a small, dynamic learning unit. The teacher is able to address fully the linguistic needs and objectives of each participant.

#### Fluency Workshop

The Fluency Workshops usually take place in groups of 10 students of different levels (reflecting reality) and are designed to promote active expression in the language. They focus on a variety of aspects of the language and include, for example, role-plays, pronunciation, presentations, negotiations, lectures and debates.

#### Spanish online (Levels A1 to C1)

Our learning concept, Spanish language course with teacher + online self-study, will help you to feel at home with your new language much more quickly.

More than 1,000 interactive exercises organised into 6 learning stages from beginner to advanced with the support and advice through your personal online tutor.
